WORLD CLASS COMPONENTS

Mark III Ribbon Drivers

Audio quality has never been better. Using our Mark III ribbon drivers and proprietary CLEAR FORM Waveguide, the clarity of our high end is unrivaled.

12" NEO Black Widow[®] Loudspeaker

The VR112 features the patented Ram Air Cooling™ design, a dissipation process that radiates heat away from the voice coil and speaker cone. RAC works in conjunction with a neodymium-loaded, 12" NEO BW[®] loudspeaker with dual 4" voice coils to allow greater efficiency and power handling.

INTRODUCING THE

VERSARRAY™ PRO

The Versarray™ Pro is the perfect solution for pro audio applications where high output, perfect coverage, and pristine high fidelity audio is required.

CREST AUDIO

THE REVOLUTIONARY POWERED VERSARRAY™ PRO

FULLY ARTICULATING

The Versarray™ Pro is a fully articulating array, providing configurations impossible with comparably priced systems. This means near perfect coverage and audio quality in a wider variety of applications.

COMPLETE NETWORK CONTROL FOR GREAT SOUND IN ANY ROOM

The Versarray™ Pro provides both quick and easy setup along with advanced networking control to create the most reliable and versatile system in mid-sized line arrays.

- FIR Filters
- 10-band parametric EQ
- Noise gate
- Auto off/on
- Limiter
- Auto-hang quick push button setup via rear panel
- Network control and audio via single CAT 5/6 cable
- Redundant Dante and analog audio for reliability

QUICK & ACCURATE SETUP THANKS TO INNOVATIVE HARDWARE

With our revolutionary **FlyQWIK hardware**, the fully articulating Versarray™ Pro system can be deployed in a fraction of the time required by comparable products.
